About Us

Fahr are market leaders and specialists in the design and manufacture of products and components for play and leisure industries worldwide. We work exclusively with trade companies, providing fast and flexible services to meet the demands of a global market.

A forward-thinking company with an eye for design and a passion for play

Experts in Play Equipment Design

We have a large in-house team of designers, engineers and programmers to enable a quick turnaround of new and re-engineered products and components. We can help make your existing designs production ready, design new bespoke products from scratch or customise our products to meet your specific requirements.

Continuous Innovation

We embrace a culture of creativity and innovation, constantly striving to push the boundaries of playground design. Our team of experts collaborate to develop new and exciting concepts that inspire children's imagination and curiosity, fostering a sense of wonder and adventure in their playtime with stimulating and enriching play experiences.

Large Range of Products

We stock and manufacture to order a comprehensive range of products, from simple fencing pales to complex electronic products and everything in between. We have solutions for every type of play environment, from schools to large public parks, swimming pools and theme parks. Our products can even be found in airports, shopping centres and museums.

Quality and Safety

We maintain the highest standards of quality and safety in all our products. Each item undergoes rigorous testing and meets or exceeds industry standards and safety guidelines. We take pride in providing equipment that not only promotes child development but also ensures a secure and protected play environment.

Fast and Reliable Service

From our inception in 2001 we have always known that the industry demands speed and flexibility. We are extremely proud of our high levels of service throughout our design, communication, production and delivery. We provide a unique offering which cannot be matched.

B2B Trade Suppliers Worldwide

We supply to trade customers only, giving you the added security that we will not be approaching your customers. Customise our standard products to include your branding and colours, or work with us to design your own unique products in the market.

Design

Our success stems from the collective expertise of our highly skilled in-house team. With years of experience in design and manufacturing specifically tailored for the play and leisure industries, we bring a wealth of knowledge and creativity to every project.

Your Products

Our skilled team of designers can assist in making your products production ready. We streamline the design and manufacture into one process ensuring optimal product quality.

Fahr Products

We offer an extensive selection of products and components. Our diverse range encompasses a wide variety of options, ensuring that we can cater to the unique needs and preferences of our customers.

Customise

We understand that individuality matters. That's why we offer a seamless customisation experience, allowing you to personalise our products according to your specific requirements. Whether it's modifying logos, text, shape or colour, we empower you to create a truly unique and distinctive solution.

Bespoke

We thrive on bringing your ideas to life. Our bespoke solutions offer you the opportunity to collaborate with our talented team, allowing us to design and create truly one-of-a-kind products tailored to your specific needs.

Inclusive Design

Inclusive playground equipment ensures that all playgrounds are accessible to everyone and that they cater for both able-bodied children and those with disabilities. This element of playground design is incredibly important to us and is something we focus on throughout our product design process.

Contact us if you'd like to meet the team and take a tour.

Manufacturing

At Fahr we work with some of the largest and most respected playground companies in the world. Our passion is working with our customers to bring their ideas to life and creating great products and components that everyone can play with.

Fast and efficient manufacturing, with over 22 years experience

CNC Machining

As well as a host of regular machinery we also have CNC machines with a bed capability of up to 1520x3050mm, which give us a consistent, fast, flexible and high quality output for our machined components.

Electronics

We have experience with motion and proximity sensors, sound replay, LED displays and lighting as well as solar and wind-up power generators. We develop our own PCBs using commercial grade heavy duty electronic components.

Product Assembly

We not only manufacture components for our customers, we also have full assembly and finishing departments within our organisation, enabling us to create finished products too.

Thermoforming

We are the innovators of large panel thermoforming for the play industry. We have a computer-controlled oven which is capable of forming anything from a small panel to a full sheet of HDPE.

HDPE Welding

We have various HDPE welding machines including an extrusion welder, suitable for welding HDPE up to 19mm thick, and an injection welder, suitable for joining thinner gauge materials, detail work and spot welding.

Stock and Distribution

We have an extensive range of HDPE sheet and materials in our warehouse at any one time, to accommodate our growing customers at home and around the world.

Sustainability Commitment

Concern for the environment and promoting a broader sustainability agenda are integral to Fahr's activities and ongoing management of the organisation.

WE care about the planet, **just like you**

Waste Reduction

Fahr have recycled **99%** of all our HDPE waste material and off-cuts from the very formation of the company, and it is our policy to maintain this industry leading standard. In addition, our in-house design team ensure our products are optimised to best utilise materials and minimise waste.

Recycled Materials

At Fahr we supply and utilise an extensive range of recycled materials. We've made it easy to identify these materials and their use in our products with our 'Eco' logo. This allows customers to easily identify and confidently specify sustainable products. This is becoming ever more important due to increasing government legislation, tendering criteria, and corporate responsibility targets.

Recycling Policy

At Fahr, we take pride in offering HDPE recycling services to our valued customers who are looking for a responsible way to dispose of their old or damaged 'Fahr' HDPE panels. With our recycling services, we ensure that the HDPE material returned to us is recycled efficiently and effectively. This practice saves HDPE from landfill, allowing it to be reused to create new products.

Service Life

At Fahr we design and manufacture our products to last. We use only the best and most durable materials for each application. Our ethos is to ensure our products provide year after year of play value in any setting. Fahr is proud to have products still in service from its inception in 2001 that continue to provide fun and engaging experiences for children worldwide. Increasing service life is one of the most effective ways to reduce a product's environmental impact.

Play Panels

Sensory and Inclusive

Sensory Play Panels

Sensory Play Panels for the playground with moving parts can offer tactile, visual and audible stimulation ensuring they're fun and engaging for both able-bodied children and those with physical, mental and learning disabilities.

Play panels can be customised with your own logo and text, and the colour and size can also be changed to meet your specification.

N^{ew}

XDeco

Sensory

Stimulate the touch, sight and sound senses with a myriad of interactive elements. Featuring coloured windows, roller balls, textured surfaces, sliding counters and more.

N^{ew}

Rainbow

Turn the rotor and watch the coloured balls move through the rainbow.

N^{ew}

XDeco

Volcano

Watch the coloured beads simulate molten lava as they flow around the dome as the rotor is turned.

N^{ew}

Dolphin

Rotate the drum and watch the dolphin jump out and dive in the deep blue sea of coloured balls.

XDeco

Washing Machine

Turn the rotor and watch the clothes being washed in the drum.

Products

New

Magic Mixer

A magical panel where you can become a wizard and create your own magic potions and spells.

XDeco

Roller Pixels

Turn each pixel to show a black or white face to create different designs.

New

Minibeast Sensory

Stimulate the touch, sight and sound senses with this natural themed sensory panel.

XDeco

Hourglass

A 30 second activity timer for sensory fun. Listen and watch thousands of tiny balls tumble down.

XDeco

Colour Wheel Kaleidoscope

Turn the rotor to mix the colours creating a kaleidoscope like effect.

Roller Ball

Stimulate the touch and visual senses as you glide your hands over the smooth rotating resin balls.

Twist Bearing

Turn the rotor to watch and listen to the ball bearings tumble down the slopes to the bottom.

XDeco

Tumble Ball Cog

Turn the wheel to rotate the cogs, watch and listen to the ball bearings tumble over the pins.

Spiral Shifter

Turn the rotor to watch the counter move around the spiral, inside to outside and then back again.

Make it Rain

Rotate the rain wheel to listen to the sound of rainfall as hundreds of tiny ball bearings pass between the layers.

Tumble Turn

Turn the rotor and watch the ball bearings flow around the pins creating a stimulating visual and sound effect.

XDeco

Daisy Head

Turn the rotating flower heads, watch and listen to the ball bearings tumble in the drums.

Fireball

Turn the two fireball rotors, watch and listen to the ball bearings tumbling around.

Starburst

Look through the coloured windows to experience the world in a new way. Also casts coloured shadows.

XDeco

Sparkling Butterfly

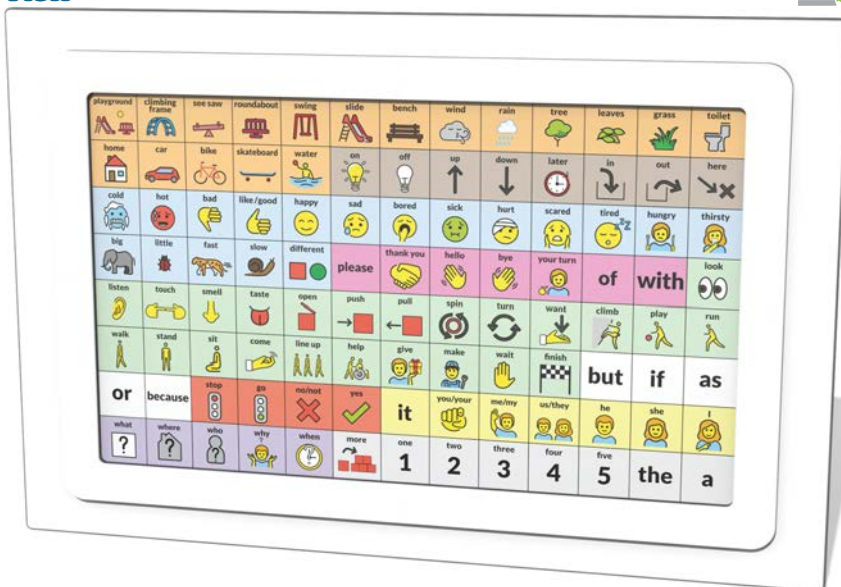

View the world in exciting new ways with coloured transparent windows. Also casts coloured shadows.

Inclusive Play Panels

Our Inclusive Play Panels are carefully considered to help support children of all abilities to play and learn together. They are focused around communication using a variety of high contrast colours and tactile engraving to aid those with visual impairments. Symbols and colour coding assist non verbal children to convey thoughts and feelings, as well as bold hand graphics to help teach children and adults basic sign language.

New

XDeco

Large Playground Communication

Designed specifically for children who have difficulty communicating verbally, such as those with Autism. Featuring 104 symbols colour coded to the Modified Fitzgerald Key.

New

XDeco

New

XDeco

XDeco

XDeco

Playground Communication

A more compact and concise version of the panel above with 47 colour coded symbols.

Emotions Communication

For young children and those who struggle to express themselves to inform others of how they feel.

Hello Braille

Raised Braille dots in rectangular surrounds help beginners feel their way around the letters.

Hello Sign Language

Engraved tactile panel with either UK or USA sign language symbols for the word "HELLO".

XDeco

XDeco

XDeco

Braille Alphabet and Numbers

Engraved Braille allows for enhanced learning and sensory skill development.

Sign Language - UK

High contrast, engraved panel supporting British sign language learning.

Sign Language - USA

High contrast, engraved panel supporting American sign language learning.

Tactile, Puzzle and Game

Tactile Play Panels

With moving parts and activities to engage with your hands or fingers. Tactile panels are great for developing fine motor control. Ski, slide, turn, tell the time, make up monsters - there are lots of ways to bring fun to any play setting.

Flower Explorer

Move the bee sliders along the channels to visit each flower. Carefully line up the flower discs with the channels to transfer the bees from one channel to another. Can you pollinate all the flowers?

Solar Explorer

Take a trip around the Solar System with your own space rocket slider. Visit planets and avoid asteroids.

Spider Explorer

Move the spiders around the channels to visit their friends. Twist each web to allow each spider on.

Pond Explorer

Frogs love to find the best lily pad to rest on. Move them around to visit each one to see which they prefer.

Noodle Doodle

Simple, fun and engaging. Ideal for young children to help them develop fine motor control.

Whirling Wheels

Spin the different discs to help develop hand-eye coordination and watch the patterns move.

Airlock

Turn the drive wheel to see the cogs rotate the outer locking ring. A fun imaginative activity.

Monster Maker

Create your own monsters by combining the different body parts.

Clockwork

Learn how to tell the time. Mechanical panel with rotating 'hour' and 'minute' hands.

Ski Slalom

Take your slider up the ski lift and drop it down the slalom slope.

Children at Work Cog

Try to guess which way each cog will turn when you rotate the handle.

Puzzle Play Panels

Puzzle Play Panels are a really fun way to learn in the playground, featuring mazes, sliders, word searches and much more. Visualise solutions to solve the puzzles with low maintenance fun playground equipment.

New

Maze Battle

Race to the finish against your opponent through identical mazes. Race again and the keep score with the sliding counters to see who wins.

New

Move and Match Butterfly

An engaging panel to help develop hand-eye coordination. Line up the patterns to complete the image.

XDeco

Lost in Space Maze

Help the alien go home by finding its flying saucer through the finger maze.

XDeco

Puppy Maze

Can you guide the puppy home? Hold the slider and move it along the multiple tracks.

New

XDeco

Rotor Maze

Turn the rotor to guide the ball from start to finish. Challenges hand-eye coordination.

Maze Slider

Can you navigate and guide the slider from the start to the finish?

Ball Maze

Make your way through the maze to reach the other end of the rotating maze.

Crazy Maze

Can you make your way through the crazy maze to escape?

Beach Maze

Beach day! Help the crab find his castle using your finger to trace the route.

Tile Slide Snake

Can you solve the puzzle? A challenging tile slide jigsaw which keeps children engaged.

Tile Slide Butterfly

Piece together the jigsaw tiles to make the butterfly image.

Tile Slide Fish

Create the fish scene by moving the sliding tiles into the correct positions.

Tile Slide Frog

Can you recreate the frog? Move the sliding tiles one at a time to make up the image.

New

Tile Slide Letter

Slide the tiles to arrange the alphabet.

New

Tile Slide Number

Slide the tiles to arrange the numbers.

Spider Web Maze

Use your finger to trace a route through the web maze to help the spider find his next meal.

Pet Food Maze

Navigate your finger from each pet through the maze to find their favourite food.

Home to the Hive

Engraved tactile panel with a simple flower maze to trace your finger and navigate to the bee hive.

Animal Origins Maze

Link up each animal to the correct continent where they live. Help the kangaroo, eagle and rhino home.

Butterfly Maze

Engraved tactile panel with 2 opposing mirrored mazes where you can race a friend to the finish.

Bo Peep Maze

Help Bo Peep find her sheep by working your way through the maze with your finger.

Game Play Panels

The Game Play Panels are one of our most popular sections with lots of fun and games for everyone. Try your hand at racing, tangle play, 3 in a row, tic tac toe and lots more from our popular range of playground games panels.

Giant 4 in a Row

The Giant 4 in a Row Game Play Panel has 48 movable red and yellow sliding counters. A large scale game which is fun and entertaining for children of all ages to play together. Panel size 1200 x 800mm.

New

XDeco

4 in a Row

This 4 in a Row Panel has 48 movable blue and yellow sliding counters and is a smaller version of our Giant 4 in a Row. Panel size 800 x 595mm.

New

XDeco

Show Jumping

Fun counter racing game featuring a 1-3 spinner and our T slot easy glide sliding counters.

XDeco

Battle Sliders

Drop both counters at the same time and try to predict which one will make it to the bottom first.

New

XDeco

Tortoise and the Hare

Spin the disc and move your counter, can the tortoise beat the hare in this fun race game?

Pin Point

A game of skill for 1 or 2 players. Drop the counter from the right height to land on the point.

Turbo Racer

Who can reach the finish first? Spin the disc to see how many spaces you can move.

Rock Paper Scissors

For 2 children to play together. Turn the spinners to randomly pick each symbol.

Formula Racing

Twist and turn your way around the track to beat your opponent. A fun car themed racing game.

Tangle

Heavy duty playground version of Twister. Spin the disc to get instructions on your next move.

3 in a Row

Try and get 3 in a row before your opponent with this tactile sliding counters game.

Flip-Over Noughts and Crosses

Simple Noughts and Crosses game with flip-over discs.

Tic Tac Toe

Get ready to play Tic Tac Toe. A classic game with large easy-to-hold spinning discs.

Chunky Noughts and Crosses

With 9 easy-to-hold chunky spinning discs and sliding counter scoring system.

Pair Shaped

Match the shapes! Take it in turns to flip the shaped discs to pair them together.

Who Pairs Wins

Match the animals! Take it in turns to flip the animal discs to pair them together.

Spin Dice

Can be used in combination with a huge range of games. Never lose your dice again!

Pinball

Catapult the ball with the spring-loaded firing and beat your opponent's score.

Battle Sliders Tall

Drop the counters at the same time and try to predict which one will make it to the bottom first, second and third.

Role Play, Mirror and Dome

Role Play Panels

Shops and counters are always a playground favourite, allowing children to use their imaginations and build friendships while acting out roles inspired by the different themes, including Bakery, Bank, Fishmonger, Florist, Sweet Shop and lots more.

New

XDeco

Drive Through

What fast food will you order? Be sure to be quick though, as you have a queue behind you!

Farm Shop

A great addition to go along with our other farm-themed products, including a window aperture with a counter top, produce and rotating open/closed sign.

Bakery

Fresh from the bakery! Collect your bread, pastries and perhaps an indulgent sweet treat.

Bank

Need to withdraw or deposit some money? Great for encouraging interaction between children.

Doctors

Book your doctor's appointment. Hours of role play fun to be had playing doctors and nurses.

Products

Fishmonger

What's on the menu tonight? Collect your fish fresh from the fishmongers this morning.

Flower Shop

Pick your fresh flowers from the range on display. Which ones will you choose?

Sweet Shop

Get your sweet treats here! Choose your pick 'n' mix from those on display.

Train Ticket Office

Get your tickets here! The next train leaves in 10 minutes. Where will your journey take you?

Station Shop

Get your refreshments here! Heading off on a long journey? Get your snacks and drinks here.

Village Shop

Pick up your fruit and vegetables here. Open and close the shop with the rotating sign.

Ice Cream Shop

What's your favourite flavour? Pick out your ice cream from the tempting range on offer.

Grocers Shop Shelves

Pick your selection of produce from the shelves to take home and fill your cupboards.

Original Shop

One of our first ever products, popular then and now for its immersive role play opportunities.

Where Shall We Go?

Spin the disc to decide where to go on your next imaginary journey. Watch out for shark-infested waters.

Post Office

Take your parcel to be posted and select which class of stamp you need to get it there on time.

Post Box

Got mail to send? Post it through the letterbox and imagine the journey it will take.

Wild West Head Through

Insert your head and hands to become the Wild West's most wanted gunslinger. Keep an eye out for the sheriff.

Pirate Head Through

Become a pirate and get your shipmates to scrub the decks and walk the plank.

Stage Backdrop

Children can draw different backdrops on the chalkboard and act out their favourite character, scenes and moments.

Mirror and Dome Play Panels

We have a wide selection of panels featuring mirrors and domes all using shatterproof polycarbonate which is virtually unbreakable and safe for the playground. Domes are available in different sizes and a range of colours, including clear and mirrored. Flat mirrors are made from polycarbonate, while curved ones are made from highly durable polished stainless steel.

Disco Ball

Create unusual visual effects in the 7 mirrored domes as you rotate the disc around. Reflect yourself and the world around you in new and interesting ways.

Concave Mirror

Good old fashioned fairground fun. Watch yourself grow in the inwardly curving mirror.

Wobbly Mirror

This distorting wavy mirror creates unusual reflections of the viewer and the world.

Convex Mirror

Watch yourself and your friends shrink in the outwardly curving mirror.

Products

XDeco

Splat Mirror

Fun shaped mirror to imagine being gunged with slime or being hit in the face with a cream pie.

XDeco

Showtime Mirror

Children can act out different emotions and see how their facial expressions change.

XDeco

Zap Mirror

Watch out! Look in the mirror to see what it looks like to be zapped by an alien.

XDeco

Starlight Mirror

Who is the biggest celebrity in the playground? This star-studded mirror will show you.

XDeco

Bug Eyes Spider

Look into the mirrored dome spider eyes to see the world around you distort. Creepy!

XDeco

Bug Eyes Chameleon

A master of camouflage, the Chameleon has eyes that move independently. Look into them to see a distorted world.

XDeco

Bug Eyes Cricket

Children can have fun imagining they are looking through the eyes of a cricket.

XDeco

Bug Eyes Hornet

Mirror eyes reflect back, or pick the option of either clear or coloured domes for more fun.

XDeco

Twinkle Twinkle Little Star

Spin the discs to watch the stars sparkle. Angle the discs to reflect the sun on to the ground.

Space Rocket

Pick between mirrored or clear domes to create different visual experiences.

Spaceman

Children can spacewalk and have fun imagining they are looking through the helmet of a space suit.

Space Ship

Take flight in a UFO and fly over the playground. Available with either a clear or mirrored dome.

XDeco

Underwater Diver

Dive underwater and watch the sea creatures swim by. Available with either a clear or mirrored dome.

XDeco

Underwater Sub

Take control of your very own submarine on a journey of aquatic discovery.

XDeco

Underwater Scene

Spot the sea creatures through this underwater porthole. Available with either a clear or mirrored dome.

Educational, Science, Art and Craft, Numeracy, Literacy, Language and Transportation

Educational Play Panels

Educational Play Panels are made from high quality HDPE and allow children to have lots of fun while learning essential skills. They are perfect for the playground as they are hard-wearing, long lasting and low maintenance.

Clockwork

A mechanical cog panel with rotating discs for the 'hours' and 'minutes'. These cogs move the clock hour disc and the minute hand.

What Time is it?

Rotate the minute and hour hand discs to tell the time. High contrast colours for easy reading.

Today's Date Sliders

A fun panel with day sliders, rotating day number and 2 chalkboards.

Today's Date is...

What's the date? Great for educational purposes. Turn the dials to show the correct date.

Kids Compass

Which direction are you heading in? Use the compass to head off on an adventure with your friends.

Tell Me the Time

Can you tell me the time please? Rotate the minute and hour hand discs to tell the time.

What Time Alarm Clock

Traditional alarm clock style play panel, with moving minute and hour hands.

Can You Find the Times?

Can you tell the time? Test your time-telling skills with this simple o'clock panel.

Shapes

Learn by word and symbol association. Trace the shapes with a finger.

This Shape is a...

Is the shape what you expected from the word? Early word and shape recognition.

Polygons

Name the different polygons. How many sides does each have?

This Shape Sliders

Move each shape counter to its corresponding name.

World Map

How many countries can you name on the World Map? Where do you live?

How Tall are You - Beanstalk

Jack and the Beanstalk fun themed height chart.

How Tall are You - Dino

Dinosaur themed height chart.

How Tall are You - Dragon

Stand next to the Dragon to measure your height with your friends. Who is the tallest?

How Tall are You - Lighthouse

Quickly measure yourself before the tide comes in. Choose from a range of different colours.

How Tall are You - Tree

Stand against the tree to measure your height with your friends.

How Tall am I

Educational wall height chart, up to 1.6m height scale. A fun way to measure each other.

Science Play Panels

Learn about how things work and your environment with our wide range of Science Play Panels. Perfect for part of an outdoor science lesson or just playtime investigation. Each panel is hard-wearing, long lasting and low maintenance.

Water Cycle

Learn about the movement of water around our environment. Visualise evaporation, transpiration and precipitation.

Scientific Gears

Learn about gear ratios and record your findings on the whiteboard.

Scientific Weather Station

Great for children to monitor the local weather over a short, medium or long time frame and record your findings on the whiteboard.

Scientific Colours

Learn about colour theory. Turn the disc to overlay colours and make new ones, and record your findings on the whiteboard.

Today's Weather Sliders

Select the counters which best represent today's weather and temperature. Select the wind speed on the turbine.

Today's Weather is...

Turn the dials to match the weather being experienced in the playground today.

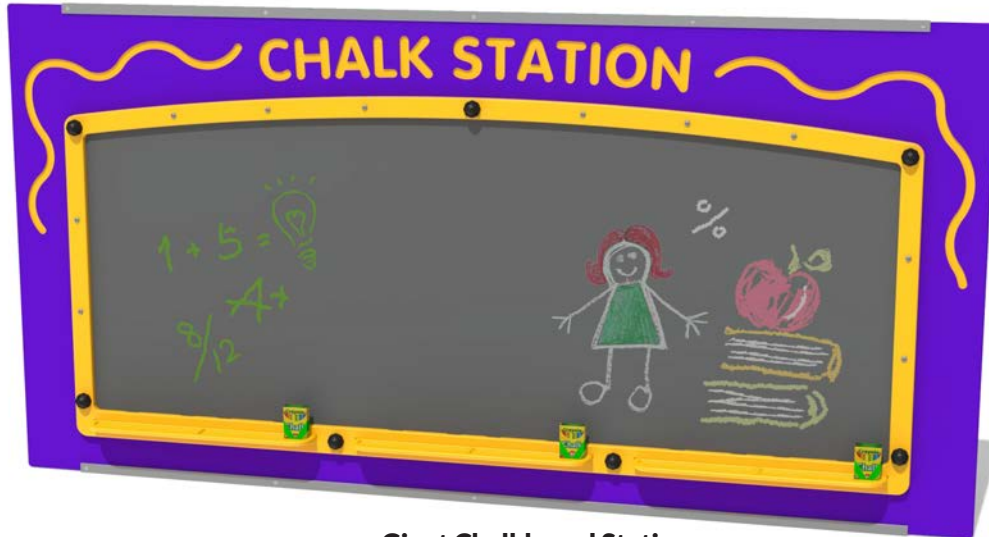

What's the Weather Like

Look up. What can you see? Turn the pointers on the panel to represent the current weather.

Art and Craft Play Panels

Our Art and Craft Play Panels were created for children to have fun expressing their artistic flair with paints, chalks, pens or with weaving. A great way to add creativity to the playground.

Giant Chalkboard Station

Get creative with friends and enjoy the freedom to draw larger scale pictures outside. Chalks included.

Giant Paint Station

The clear polycarbonate panel allows children to paint what they see through it, with space for 3 children to paint side by side. Paint brushes and pots included.

Paint

Polycarbonate painting window, mounted into a HDPE panel. Paint brushes and pots included.

Chalkboard

Allow the artist to emerge with the exterior grade chalkboard station. Chalks included.

Dry Wipe

Draw on the whiteboard with friends. Dry wipe markers included.

Weaving

Use the supplied coloured cords to weave different shapes and patterns. Can be viewed from either side.

Numeracy Play Panels

Have fun with numbers with our range of hard-wearing and durable HDPE educational panels. Where the environment requires a long term solution our playground panels are made to last.

Abacus Sliders

Use the abacus sliders to learn simple addition and subtraction with counters for 1s, 10s and 100s.

Number Fun

Ready to learn some maths? Rotate the flip-over sum discs to find the correct answer.

Abacus

Use the abacus beads to learn simple addition and subtraction.

Sunflower Sums

Features sliding maths sum counters. Record your answers on the chalkboard.

Number Maze

Can you do the maths? Work out the calculation and follow the finger trace to the correct answer.

Number Crunch

Test yourself on maths. Work out the sum and follow the finger trace to the correct answer.

Fraction Finder

Tactile finger trace panel where you have to match up the fraction to the correct pie chart image.

Count the Shapes

Find the shape that correctly matches the number in the reveal disc window.

1, 2 and 3 Times Table

Learn the 1, 2 and 3 times tables. A fun way to learn maths outdoors.

4, 5 and 6 Times Table

Learn the 4, 5 and 6 times tables. A fun way to learn maths outdoors.

7, 8 and 9 Times Table

Learn the 7, 8 and 9 times tables.

10, 11 and 12 Times Table

Learn the 10, 11 and 12 times tables.

100 Square

The popular classic 1-100 number panel shows all the times tables from 1 to 10.

Literacy Play Panels

Have fun with the alphabet, words and phonics with our range of high quality and durable HDPE literacy play panels. Designed to support an early introduction to literacy in a fun and informal setting.

Animal Spelling

Can you spell out the animals? Spin the letter counters to spell them.

Phonics Tree

Sliding letter counters and chalkboard to write words.

First Letter Sounds

Move the first letter sliders to complete the 6 words that match the images.

Last Letter Sounds

Move the last letter sliders to complete the 6 words that match the images.

This Shape Sliders

Move the shape slider to the corresponding shape name.

Bird, Duck and Fish Trace

Trace each animal to its name using your finger.

Dog, Cat and Rabbit Trace

Help the dog, cat and rabbit find their names.

Animal Search

Find the 6 animals in this fun and educational word search.

Farmyard Search

Find the 6 animal names. The corresponding pictures aid the search.

Number Search

Can you find all the hidden numbers? Search the letter grid to see how many you can find.

Hello Writing

Follow the writing strokes to write the word "hello".

Alphabet Upper and Lower Case

Read the alphabet and finger trace the letters.

Alphabet Snake Wall

Trace the letters down the snake from A-Z.

Language Play Panels

Our Language Play Panels incorporate activities that encourage children to participate in the learning process, making language acquisition both fun and effective.

Go Language

"Three, two, one... Go" in 5 different languages, giving a bold and tactile appearance.

Finish Language

"Finish" in 5 different languages.

Hello Language

"HELLO" in English, French, Spanish, Polish and German, making everyone feel welcome.

Transportation Play Panels

Transportation Play Panels are a fun addition to the playground. Street signs can support bikeability and road safety. Emergency services panels allow children to role play as police, fire and medical professionals.

Petrol Pump

There are usually play vehicles rolling around the playground - here is an opportunity to top up with fuel.

EV Charge Station

Charge up your electric vehicle at the EV charge station.

Driving with Mirrors

Put into gear, indicate and do not forget to check your mirrors before driving off.

Aeroplane

Learn how to fly an aeroplane and encourage imaginative play and social interaction.

Police Car

Keep the peace and patrol the play area with this fun and interactive car panel.

Fire Engine

Take on the role of a fire fighter. Drive fast to put out the fire.

Ambulance

Featuring a moving steering wheel, rear view mirror and dashboard graphics to promote imaginative play.

Street Signs

These range of panels are a great way of adding role play into children's games and create awareness of road safety. All are available with or without posts.

Musical Products

Musical Panels

A broad range of fun percussion-based instruments made from highly durable materials, specifically designed for playground use.

Crocodile, Monkey, Penguin and Walrus Glockenspiels

Fun animal designs with instruments, including 2 flexible beaters.

5 Bells

With 5 different bell sizes, create different musical tones.

3 Bells

With 3 different bell sizes, create different musical tones.

Tongue Drum

Superb oriental sounding stainless steel musical tongue drum played by hand.

Spin Maracas

Two spinning drums filled with different size balls, provide different sounds from each maraca.

Melody Wheel

Enchanting chime sounds emanate from the drum when it is spun.

Bongos

With 3 different bongo sizes, bang on the drums to hear different sounds.

Shaker

Rotate the shakers to see and hear the stainless steel balls move around.

Tube Glockenspiel

Play the 8 tube chimes with the two flexible beaters.

Giant Chimes

The giant tube chimes have outstanding resonance and amazing deep sound.

3 Slider Bells

Use the sliders to strike the 3 different bells.

Cam Chimes

Push the cams to play the 5 pentatonic tuned chimes.

Play Chime

Featuring 8 stainless steel chimes, the panel is suitable for use in all environments.

Rock Band

Music in play is an integral and important part of the playground environment, not only providing opportunities for sensory development, but also helping with collaboration, friendship, coordination skills and emotional expression.

ROCK BAND

Rock Band Set

Step into the spotlight with this rock band inspired range of instruments.

Follow the voice commands to touch either a colour or shape.

PlayTronic Buzz Game Insert

Follow the voice commands and game narration.

PlayTronic Bleep Test Insert

The ultimate fitness training and test panel insert.

PlayTronic Sunny Side Farm Insert

Listen to a selection of farm animal sounds and the Old MacDonald music extract.

Mechanical Inserts

For customers who manufacture their own panels in timber, HPL or HDPE, we have a wide range of mechanical and sensory inserts for you to add to your own panels and structures. Add a little more fun into the playground with these long-lasting and engaging inserts.

Colour Wheel Kaleidoscope Insert

Stimulate the visual senses with this simple and beautiful insert. Turn to overlay and create new colours.

Dolphin Insert

Rotate the drum and watch the dolphin jump in and dive out of the deep blue sea.

Spiral Spin Insert

Spin the disc to create a fun visual effect, with a colour polycarbonate window.

Minibeast Sensory Insert

Stimulate touch, sight and sound senses with this natural themed sensory insert.

Rainbow Insert

Rotate the drum and watch the coloured balls move around the rainbow.

Solar Explorer Insert

Take a trip around the Solar System with your own space rocket slider. Visit planets and avoid asteroids.

Flower Explorer Insert

Move the bee sliders along the channels to visit each flower and carefully line up the flower discs.

Pond Explorer Insert

Frogs love to find the best lily pad to rest on. Move them around to visit each one to see which they prefer.

Spider Explorer Insert

Move the spiders around the channels to visit their friends. Twist each web to allow each spider on.

Tile Slide Butterfly Insert
Slide the jigsaw tiles to make the butterfly image.

Tile Slide Fish Insert
Create the fish scene by moving the sliding tiles into the correct positions.

Tile Slide Frog Insert
Can you recreate the frog? Move the sliding tiles one at a time to make up the image.

Tile Slide Snake Insert
Can you solve the puzzle? This is a challenging tile slide jigsaw which keeps children engaged.

Tile Slide Letter Insert
Slide the tiles to arrange the alphabet.

Tile Slide Number Insert
Slide the tiles to arrange the numbers.

Volcano Insert
Watch the coloured beads simulate molten lava as they flow around the dome as the rotor is turned.

Washing Machine Insert
Turn the rotor and watch the clothes being washed in the drum.

Roller Ball Insert
Stimulate the touch and visual senses as you glide your hands over the smooth rotating resin balls.

Maze Slider Insert
Can you navigate and guide the slider from the start to the finish?

Twist Bearing Insert
Turn the rotor and watch the ball bearings race down the slalom shape.

Rotor Maze Insert
Turn the rotor to guide the balls from start to finish. Challenges hand-eye coordination.

Make it Rain Insert
Watch it rain by rotating the drum and listen to the balls tumble.

Spiral Shifter Insert
Turn the rotor to watch the counter move around the spiral, inside to outside and then back again.

Tumble Turn Insert
Turn the rotor and watch the ball bearings flow around the pins.

Tumble Ball Cog Insert
Turn the wheel to rotate the cogs. Watch and listen to the ball bearings tumble over the pins.

Spin Maze Insert
Make your way through the maze to reach the other end of the rotating maze.

Spin Dice Insert
Can be used in combination with a huge range of games. Never lose your dice again!

3 in a Row Insert
Try and get 3 in a row before your opponent with this tactile sliding counters game.

Magic Mixer Insert
A magical insert where you can become a wizard and create your own magic potions and spells.

Sensory Insert

Stimulate the touch, sight and sound senses with a myriad of interactive elements.

Airlock Insert

Turn the drive wheel to move the cogs behind the shatter-proof polycarbonate window.

Hourglass Insert

A 30 second activity timer for sensory fun. Listen and watch thousands of tiny balls tumble down.

Roller Pixels Insert

Turn each pixel to show a black or white face to create different designs.

Mini Inserts

All our Mini Panel Inserts are 350mm diameter or less and are ideal to add to your own panels and structures.

Mini Tile Slide Butterfly Insert

Slide the jigsaw tiles to make the butterfly image.

Mini Tile Slide Fish Insert

Create the fish scene by moving the sliding tiles into the correct position.

Mini Tile Slide Frog Insert

Can you recreate the frog? Move the sliding tiles one at a time to make up the image.

Mini Tile Slide Snake Insert

Can you solve the puzzle? A challenging tile slide jigsaw which keeps children engaged.

Mini Tile Slide Letter Insert

Slide the letter tiles to arrange the alphabet.

Mini Tile Slide Number Insert

Slide the letter tiles to arrange the numbers.

Mini Make it Rain Insert

Watch it rain by rotating the drum and listen to the balls tumble.

Mini Tumble Turn Insert

Turn the rotor and watch the ball bearings flow around the pins.

Mini Shaker Insert

Turn the insert to see and hear hundreds of tiny balls tumble around.

Mini Twist Bearing Insert

Turn the rotor and watch the ball bearings race down the slalom.

Mini Spiral Shifter Insert

Turn the rotor to watch the counter move around the spiral, inside to outside and then back again.

Mini Rotor Maze Insert

Turn the rotor to guide the balls from start to finish. Challenges hand-eye coordination.

Mini Washing Machine Insert

Turn the rotor and watch the clothes being washed in the drum.

Mini Dolphin Insert

Rotate the drum and watch the dolphin jump in and dive out of the deep blue sea.

Mini Rainbow Insert

Rotate the drum and paint the whole world with a rainbow as coloured balls move around the shapes.

Mini Volcano Insert

Watch the coloured beads simulate molten lava as they flow around the dome as the rotor is turned.

Mini Tumble Ball Cog Insert

Turn the wheel to rotate the cog. Watch and listen to the ball bearings tumble over the pins.

Mini 3 in a Row Insert

Try and get 3 in a row before your opponent with this tactile sliding counters game.

Mini Maze Slider Insert

Can you navigate and guide the slider from the start to the finish?

Mini Sensory Insert

Stimulate the touch, sight and sound senses with a myriad of interactive elements.

Mini Pond Explorer Insert

Frogs love to find the best lily pad to rest on. Move them around to visit each one to see which they prefer.

Mini Solar Explorer Insert

Take a trip around the Solar System with your own space rocket slider. Visit planets and avoid asteroids.

Mini Spider Explorer Insert

Move the spiders around the channels to visit their friends. Twist each web to allow each spider on.

Mini Flower Explorer Insert

Move the bee sliders along the channels to visit each flower and carefully line up the flower discs.

Mini Spiral Spin Insert

Spin the disc to create a fun visual effect, with a colour polycarbonate window.

Mini Colour Wheel Insert

Stimulate the visual senses with this simple and beautiful panel. Turn to overlay and create new colours.

Mini Roller Pixels Insert

Turn each pixel to show a black or white face to create different designs.

Mini Roller Ball Insert

Stimulate the touch and visual senses as you glide your hands over the smooth rotating resin balls.

Play Equipment

Activity Play

The best way to learn is through play, and our wide range of playground equipment covers physical activities, imagination, sensory play, learning core lessons through play and inclusive play.

Role-Play Kitchen

Jam-packed with activities, the Role-Play Kitchen is a great way to bring groups of children together to interact and socialise.

Fire and Rescue Truck

A bright and colourful play unit that will encourage imagination and role play, featuring a slip-resistant floor, dashboard with steering wheel, bench seat, steps and a fireman's pole. Also available with an optional electronic sounds dashboard.

Slide with Stairs – 1.2m

Features a 1.2m high slide with slip-resistant Polydek-Eco steps and safety barriers to the side and at the top.

Round Platforms

Versatile platforms that can be installed individually or in a trail sequence. Also available individually to combine with other equipment.

Spring Globe

Featuring a shatter-proof dome, the globe has four handles for children to use. Move the ocean around the continents of the world.

Spring Maze

Featuring a shatter-proof dome, the maze has four handles for children to direct the ball around the maze. Great for developing teamwork skills.

Activity Stations

Activity Stations

Activity Stations are compact units with a high play value and lots of activities. They are easy to assemble, all you need to do is attach the activity wings to the post and then anchor the assembled unit to the ground. The Activity Stations are ideal for playgrounds, shopping centres, showrooms and stores.

Butterfly Game Station

This beautiful butterfly has a lot of activity and play value packed into a stunning compact package.

Apple Musical Station

Apple themed musical activities, including melody wheel, cam chimes, maracas and bells. Also available in green.

New

XD^{eco}

Science Activity Station

Full of cool, interactive features that will make learning while playing a fun experience. Covers a range of subjects including animals, life cycle, gears, fossils, the Solar System, space, weather and the water cycle.

Art Station - Paint/Chalk/Draw

Arts and crafts are always a fun part of a child's day. This is a compact unit that will accommodate 5 budding artists. Includes chalkboards, white boards and clear painting board. All paints, chalks and pens are included.

New

XD^{eco}

Jigsaw Puzzle Station

A station for compact puzzles and sensory activities including noughts and crosses, rotor maze, roller pixels, number tile slide and 3 in a row.

Totems

Totems

Make a statement in any setting with ready-to-install totems. Packed with features and visual stimulation, these units are suitable for all ages from 4 years. The sculptural vertical design encapsulates all the benefits of multiple play panels in a compact, one-piece form, meaning there's no need to compromise on play value, even when space is at a premium. Totems include a huge array of activities. Made from tough, durable and safe HDPE and aluminium, both of which are 100% recyclable.

Musical Totem

Visual, audible and tactile stimulation in a beautiful and compact package. Features 3 bells, shaker, 6 cam chimes and rattle disc.

RotoGen Reactions Totem

An electronic interactive product that will bring energy to the playground. Turn the rotor to power the 4 button reactions game with lights and sounds.

2 Player RotoGen Reactions Totem

Race each other to see who can press the most buttons in the allotted time in this challenging 2 player reactions game. The winners button and score flashes.

Wildlife Totem

A fun interactive product that will bring life to the playground. Wind the rotor to power the animal sounds, with a tactile height chart to see how tall you are compared to different animals.

Cosmos Totem

Take your imagination into outer space. Featuring rotating planets, space ship sliders, coloured windows, tile slide puzzle and alien maker.

Sensory Totem

Multi-sensory tactile activities on one side, with tactile nature discovery on the other. Lots of sensory elements to keep young hands busy.

New

Farm Totem

Fun, interactive Totem with RotoGen powered animal sounds on one side, with a tactile height chart on the other.

Minibeast Totem

Visually stimulating collection of tactile activities on both sides and a fun beehive counter-drop game on the back.

Dens, Huts and Houses

Our range of play huts, houses and dens are a Fahr playground favourite! They not only provide children somewhere to shelter, relax and socialise with their friends but they can also be used as a teaching space for children. All our dens are customisable with any of our standard panels, in any of our bright colours and are available in the rustic "Adventure" style.

Adventure Art Den

Nurture the budding Picasso or Van Gogh in your child with the Art Play Den! This play den provides a fantastic space for creative exploration, featuring our Paint, Chalkboard, Dry Wipe and Weaving Play Panels.

Basics Den

Are you looking for more affordability? Packed with educational games and activities, the Basics Den enhances cognitive skills, numeracy, and language development, featuring our Fraction Finder, Hello Language, Butterfly Maze and Pet Food Play Panels.

Musical Den

Set the stage for a symphony of sound with the Musical Den. This play den is equipped with various musical instruments, allowing children to explore rhythm, melody, and harmony, featuring our Cam Chimes, Bells, Maracas and Tongue Drum Play Panels.

Art Den

Nurture the budding Picasso or Van Gogh in your child with the Art Den! This den provides a fantastic space for creative exploration, featuring our Paint, Chalkboard, Dry Wipe and Weaving Play Panels.

Learning Den

Education meets play in the Learning Den, with interactive tools and engaging educational resources. It promotes critical thinking, problem-solving and creativity and features our Abacus, Animal Spelling, Tell me the Time and Today's Date is Play Panels.

Games Den

Our Games Den is home to classic board games designed to foster social interaction and teamwork. The den includes our 3 In a Row, Rock Paper Scissors, Flip-Over Noughts and Crosses and Tortoise and the Hare Play Panels.

Sensory Den

Ignite the senses and unlock endless possibilities with the Sensory Den. This den provides a multi-sensory experience, enhancing sensory perception and cognitive development, featuring our Colour Wheel Kaleidoscope, Make it Rain, Roller Pixels and Sensory Play Panels.

Driftwood Den

Take in all the surrounding nature in the Driftwood Den and let your child's imagination run wild with their friends as they gather inside. The den is constructed from HDPE, featuring integral seating and shop counter with stainless steel brackets and fasteners.

Play Hut

Bold fun design with seating for 6 children and a shop counter for role play.

Wendy Hut

Cottage design with flower garden and slate roof. Featuring recycled Eco-Posts and XD-Eco panels.

Imaginative Play Castle

Free-standing design with seating, windows, arrow slots and castellation. Great for medieval role play.

Farmyard Play

Down on the farm we have tractors, trailers, animals, benches and activities to delight the children at play time. They can improve their story telling and social skills with these fun and hard-wearing playground essentials.

Terry the Tractor and Activity Trailer Set

Terry the Tractor is ideal for children to play on and includes a crawl through tunnel, steering wheel, seating and has an optional electronic dashboard panel which plays tractor and farm sounds. Constructed from HDPE, this product has been designed to be free-standing but can also be secured to the ground with optional ground anchors.

Toby the Tractor and Trailer Set

Toby the Tractor and animal trailer set creates a fun, engaging role play area, ideal for social play for young children.

Farm Animal Backless Benches

Fancy having a picnic? This is ideal seating for socialising with friends. They are available with a choice of HDPE farm animal end panels including pig, cow, sheep and horse. Mix and match as required.

Trains and Carriages

Choo-choo! Fun in the playground with our selection of trains and carriages. Numerous skills can be learned through play and these products allow children to improve their social and role play skills.

Early Years Express Train Set

Ernie the Engine and his 3 carriages are available as a set or individually. Designed for young children to interact through social and role play. Supplied free-standing but can be permanently fixed with ground anchors if required.

Steam Express Train Set

The Steam Express engine and 3 carriages are available individually or as a set. The engine features a crawl through tunnel and seating area with tactile play elements. The carriages can seat multiple children to create a social space.

Play Ships and Boats

Aye, aye, Captain! Maritime fun in the playground with pirate ships, fishing boats and submarines. Come aboard and role play with friends.

Pirate Ship

The Pirate Ship features slip-resistant deck, 3 seating areas and tactile waves, fish and a pirate flag. Supplied in 3 sections for easy assembly.

Shiver Me Timbers Pirate Bow

HDPE construction with aluminium posts featuring a rotating drum with tumbling balls that create sea sounds, sliding sea creatures, a treasure map with sliders, coloured port holes, a flag and a mermaid. An electronic pirate tune steering wheel option also available.

Fishing Boat

See how many fish you and your friends can catch with the Fishing Boat. Turn the ship's wheel to navigate your way across the ocean.

Imaginative Play Submarine

A bright and playful playground submarine that will let the imaginations of children run wild. Comes with seating, steering wheel and viewing domes.

Mini Pirate Ship

Featuring engraved themed graphics and supplied in 2 sections for easy assembly. Seats 4 children with space for others to stand.

Sand and Water Play

Get ready to roll your sleeves up, get stuck in and have fun with sand and water at break times. Children love to play with their hands and our sand and water play range has lots of ways to keep them happy and entertained in any play space.

Modular Sand Box

The Sand Box has 8 modular side panels and 8 posts, which can be used to construct 6 different standard Sand Box layouts to suit different site requirements.

Water Cascade

Pour water down the chute, through the water wheel and into the basin.

River Run

Wide angled surface with different channels which speed up and slow down the water. Includes bridges, gates and a basin.

Sand and Water Basin

Free-standing unit includes a lid suitable for both sand and water play.

Mud Kitchen

Lots of in-built activities to enjoy, including mixing bowls, washing machine and moving dials.

Mud Kitchen Play Panel

Mix up mud pies and serve them from the kitchen hatch. A great role play panel.

Fun Trails

Fun Trail Sets

Our low level Fun Trail products have been designed for young children, with child-friendly surfaces and safety at the core of their design. These products are made from durable HDPE so are very low maintenance.

ecoPOSTS
RECYCLED PLASTIC

POLYDEK^{eco}
SLIP-RESISTANT

Fun Trail Set 1

Fifteen piece low level Fun Trail set with easy modules designed for younger children.

Fun Trail Set 2

Twelve piece low level Fun Trail set with easy modules for younger children, including a bridge and tunnel.

Fun Trail Set 3

Ten piece low level Fun Trail set that tests agility, balance and coordination.

Fun Trail Modules

Mini Hump Back Bridge

Arched bridge with slip-resistant treads.

Scramble Tunnel

Large diameter tunnel to crawl through or sit in.

Stretch Posts

Recycled posts with slip-resistant treads spaced for young children.

Agility Run

Six circles to step in and out of quickly from one side to the other.

Balance Beams

Available in 2 different heights with slip-resistant standing surfaces.

Curved Balance Beams

Curved for an increased balance challenge. Available in 2 different heights.

Stepping Stones

Slip-resistant circular stepping stones ascend and descend.

Curved Stepping Stones

Curved for an increased coordination challenge as you step up then down.

Arched Balance Beam

Slip-resistant Polydek-Eco Arch tests balance while still being safe for young children.

Wave Ramp

Wide curved ramp to walk over and keep your balance. Slip-resistant underfoot.

Stepping Flowers

Slip-resistant flower heads to step between. Three different heights to improve coordination.

Ribbed Tunnel - 1m

Raised crawl through tunnel with challenging entry and exit.

New

Triple Split-Traverse Wall

The gap between upper and lower panels characterises this product as 'low level'. Large hand and foot holds.

Ribbed Tunnel Net Bridge

Challenging crawl through tunnels linked with a flexible net bridge for added excitement.

Ribbed Tunnel Balance Bridge

Fun crawl through tunnels linked by a flexible balance bridge with slip-resistant treads.

Multi-Play

Multi-Play Tower Systems

The Multi-Play Tower Systems are a range of tower structures supplied with Eco-Posts scalable to suit small and large spaces, as well as a range of ages and abilities.

Platform heights are available in 0.6m, 0.9m, 1.2m and 1.5m. Our simple modular design allows any activity to fit to any side, meaning greater design flexibility.

Our range of 4 towers are provided as examples and a starting point from which to create your own designs. Towers can be supplied with or without posts which is ideal if you have your own timber posts.

Customise colours, panel shapes and add graphics and logos to meet the needs of your clients. This is a truly flexible system which is easy to install.

RECYCLED PLASTIC

SLIP-RESISTANT

DECOR PANELS

Multi-Play Single Tower

0.6m low level platform with a fireman's pole, slide, rock hold ramp, stairs and curved roof.

Multi-Play Double Tower

0.9m high platforms which include a slide, a bridge between the 2 towers with stairs, net and climbing wall entries.

Multi-Play Triple Tower

1.2m high platforms, featuring a fireman's pole, tunnel, slide, climbing wall and a bridge connecting 2 towers with stairs, ladder and ramp entries.

Multi-Play Quad Tower

2 x 1.5m and 2 x 1.2m high platforms with monkey bars, link ladders, climbing wall, ramp, a fireman's pole, climbing net and dual bar slide.

Multi-Play Modules

We have a huge range of modular activities available in different heights to select from including bridges, entries and exits, platforms and roofs.

Combine with platforms, posts and roofs to create unique tower units, or use individually to add on to other structures like timber play ships and castles.

Featuring slip-resistant standing surfaces, steel core ropes, stainless steel rails and HDPE panels, all of which are highly durable materials for a long lifespan combined with a simple modular design to create layouts to suit any site.

Sloping Net Bridge

Rope net challenge to link between two platforms with a 0.3m height difference.

Tunnel Underpass

Large diameter crawl through ground level tunnel.

Tunnel Bridge

Large diameter tunnel to link 2 elevated platforms.

Bridge

Arched bridge with slip-resistant treads.

Sloping Bridge

Slip-resistant deck to link 2 platforms with 0.3m height difference.

Cargo Net Bridge

Net to link 2 elevated platforms together. Available in 0.9m, 1.2m and 1.5m heights.

Net Bridge

Link 2 platforms with a challenging rope obstacle.

Link Ladder Bridge

Flexible links span between platforms for a balance challenge.

Ladder Bridge

Arched bridge with individual ladder rungs to test coordination.

Products

Monkey Bars Bridge

Upper body strength challenge for 8 years and above. Spans between 2 platforms.

Fireman's Pole

Stainless steel sliding pole. Available to suit 0.6m, 0.9m, 1.2m and 1.5m platform heights.

Dual Bar Slide

Sit on the platform and place a leg over each bar. Slide down using hands to brake. Available in 0.9m, 1.2m and 1.5m heights.

Scramble Net

Challenging climbing entry point with flexible rope construction. Available in 0.6m, 0.9m, 1.2m and 1.5m heights.

Sloping Link Ladder

Moving links as you climb the rungs test balance. Available in 0.9m, 1.2m and 1.5m heights.

Arch Ladder

Simple arch ladder with slip-resistant ladder rungs. Available in 0.9m, 1.2m and 1.5m heights.

Climbing Wall

Chunky rock holds provide access to the entry panel above. Available in 0.6m, 0.9m, 1.2m and 1.5m heights.

Rock Hold Ramp

Slip-resistant ramp with rock holds to ascend to the entry above. Available in 0.6m, 0.9m, 1.2m and 1.5m heights.

Stairs

Slip-resistant treads and side barriers make for a safe ascent. Available in 0.6m, 0.9m, 1.2m and 1.5m heights.

Infill Panel

Slotted panel to allow children to see out and adults to see in. Fits all platform heights.

Moulded Slide

Moulded slide for smooth sliding. Available in 0.6m, 0.9m, 1.2m and 1.5m. New Eco-Slide recycled option in grey now available.

Square Platform

Steel framework with Polydek-Eco slip-resistant surface. For 100 x 100mm or 95 x 95mm posts.

Curved Roof

Curved decorative roof to provide shelter for platforms.

Plain Roof

Apex roof designed to give structures more height and shelter.

Tube Slide

Large diameter enclosed straight slide. Available in 0.6m, 0.9m, 1.2m and 1.5m heights.

Spiral Tube Slide

Fun and exciting tube slide which twists and turns. Available in 1.5m and 1.8m heights.

Tunnels

Tube Tunnels

Children love to play and hide with their friends in these fun themed playground tunnels. Our range of crawl through tube tunnels can be configured in different layouts and sizes to suit your play space. They are available with different themed entry panels to enhance the play experience. Our Tube Tunnels are available in either 1.8m, 2.9m or 3.5m lengths.

New

XDeco

Adventure Tube Tunnel

Constructed with angled tube sections for a wavy crawl through experience. This tunnel features 2 colour engraved end panels with "Adventure" themed graphics.

New

XDeco

Wave Tube Tunnel

Children can gain a sense of security when sitting in the tunnel and are able to peek at the world outside through the multiple windows. A fun and engaging place to crawl through, hang out and hide away.

New

XDeco

Sensory Tube Tunnel

An exciting crawl through tunnel experience with engaging tactile entry panels. Featuring sensory roller balls, coloured windows, spinning shapes, touch textures and counter sliders.

Crawl Through Tunnels

Crawl through tunnels for above and below ground. Children love to play in dens and hide with their friends in these fun themed playground tunnels.

XDeco

Keith the Caterpillar

This attractive crawl through tunnel is constructed using a 0.6m (nominal) diameter ribbed underground drainage tube, which has been professionally cut and joined to the entry panels using our unique clamping system.

Lion Tunnel

Welcome to the jungle! Make your way through the lion with your friends to find out what you can discover on the other side. Available in 1.2m and 2.4m lengths.

Zebra Tunnel

Zebras crossing! Climb through the zebra Crawl Through Play Tunnel to find the rest of the herd. Available in 1.2m and 2.4m lengths.

Dinosaur Tunnel

Dare to enter! Climb into the mouth of the dinosaur and crawl through to get to safety. Available in 1.2m and 2.4m lengths.

Secret Woods Tunnel

Head off on an adventure! Crawl through the tunnel with your friends. Available in 1.2m and 2.4m lengths.

Tiger Tunnel

Watch out for the tiger! Make your way through the tunnel with your friends. Available in 1.2m and 2.4m lengths.

Plain Tunnel

A fun addition to any playground the Crawl Through Tunnel can be the centre of playtime games. Available in 4 standard sizes or made to measure.

Skylight Tunnel

Look up! The Skylight Crawl Through Play Tunnel features polycarbonate coloured window panels, perfect for star gazing. Available in 1.2m and 2.4m lengths.

Equipment in Ground and Surface Brackets

Convert any tunnel from free-standing to permanently installed with our in ground or surface bracket sets. Bolt and screw fixings included.

Buried Tunnels

Constructed using a large diameter crawl through drainage tube, which has been professionally cut and joined to the entry panels using a clamping system. Ideal if you are looking to create a tunnel that is buried in a dirt mound or under soil.

Underground Tunnel with 1200x800mm Entry Panels

Available as standard in 1.2m, 1.5m, 1.8m and 2m lengths.

Underground Tunnel with 1200x1200mm Entry Panels

Available as standard in 1.2m, 1.5m, 1.8m and 2m lengths.

Underground Tunnel with Angled Entry Panels

Available in 3m and 6m lengths.

Bespoke Entry Panels

Customise size, shape, colour, graphics and text on our entry panels to suit your requirements.

Playground Springers

Springers

All our Springers are constructed using HDPE panels, steel powder coated springs, slip-resistant Polydek-Eco seats and plastic foot/hand holds for a long service life. They have all been TUV certified to EN1176 playground standards and the springs include a five year guarantee. We manufacture all our spring products in the UK so we have off the shelf availability of both the product and spare parts.

Stand on the platform and move around to guide the stainless steel ball through the maze.

STAND ON

Sport and Fitness

Wall Targets and Ball Games

Ball games have always been popular in playgrounds and are a great way to increase physical activity, promote fitness, well-being, coordination and team play amongst children.

Football Goal

How many goals will you score? Designed to appeal to children of all ages, it can either be wall mounted or installed into the ground.

Target Ring

Individual rings available in different colours and featuring various scores.

Wall Target - Large

Score as many points as possible to reach the top of the leader board. 1200mm diameter.

Wall Target - Small

Wall target made from durable HDPE, which will not rot, crack or fade. 800mm diameter.

Target Ring Set of 5

Fun for playgrounds, parks and play spaces. Good for developing coordination and numeracy.

Hot Shot Ball Game

Throw balls into the top and try to guess which exit they will take to catch them. Challenging and fun activity.

Cricket Wicket

Constructed from HDPE, all graphics are engraved and are available in a variety of colours.

Basketball Backboard

Traditional basketball backboards are manufactured in white and black, however, other colour combinations are available. A broad range of sizes and shapes are available.

Sports Wall Panel Set of 5

Many colour combinations are available.

Fitness

Our fitness panels feature a broad range of products to help promote daily activity amongst children. Develop positive habits to support a healthy lifestyle with scoreboards, timers, exercise instructions and lap counters.

PlayTronic Solar Stopwatch Play Panel

It's time to race your friends! The solar powered stopwatch features a high quality and durable solar panel. Start and stop the timer and reset to begin again. Ensure the Stopwatch solar panel is installed facing the sun position at midday.

Fitness Point
Balance on one leg
- Stand with your legs together.
- Raise one leg off the ground.
- Balance for 15-30 seconds then rest.
- Repeat the exercise with your other leg.

Fitness Point
Star Jumps
- Stand with your legs together and your arms by your side.
- Jump up and land with your feet apart and your hands in the air.
- Jump again to bring your feet back together and your arms by your side.
- Repeat the exercise 20-30 times

Fitness Point
Touch your toes
- Stand with your legs together.
- Bend from the bottom of your back and reach for your toes.
- Repeat the exercise 10-15 times.

Fitness Point
Hop on one leg
- Stand with your legs together.
- Raise one leg off the ground.
- Hop on your other leg counting 20-30 hops and then rest.
- Repeat the exercise for your other leg.

Fitness Point
Calf Lifts
- Stand with your legs together.
- Slowly raise yourself up onto your toes.
- Slowly lower yourself back down.
- Repeat the exercise 10-15 times.

Fitness Point
Squats
- Stand with your back straight and your arms by your side.
- Slowly lower your body by bending your knees.
- Slowly raise yourself back up.
- Repeat the exercise 10-15 times.

Fitness Point
Body Turns
- Stand with your hands on your hips.
- Turn your upper body as far as you can to the left.
- Now turn your upper body as far as you can to the right.
- Repeat the exercise 20-30 times

Fitness Point
Run on the spot
- Stand with your legs together.
- Run on the spot as fast as you can.
- Count 30-50 steps and then rest.
- Repeat the exercise 2-3 times.

Fitness Point – Exercise Station Play Panels

Created to provide a simple, easy to follow set of instructions to encourage children to participate in physical exercise. Available as a set or individually to create simple low cost exercise areas.

Activity Cloud Play Panels

A range of simple visual exercise instructions for children of all ages. Can be wall or post mounted. Create an exercise area or spread them along a walking/running route.

Lap Counter Play Panel

The whole class can record laps on this panel, with the 36 apple shaped sliding lap counters and see who can get to 8 laps first!

RotoGen 3 Digit Timer Play Panel

Charging the power is part of the activity. Screen counts up to 100 when charging, then the start/stop button can be pressed to commence timing.

Start Banner

This lovely banner will mark out the start of the track to encourage daily activity. Posts available separately.

PlayTronic Bleep Test Play Panel

The ultimate fitness training and test panel for everyone. Run 20m before the 'bleep'.

Solar Cloud Timer Play Panel

Ready. Set. Go! Time yourself to see how quickly you can run to the end of the playground and back. Ensure the panel is south facing to charge the solar panel.

Show Me How To... Play Panel

Can you hop? The Show Me How To activity-based panel encourages children to learn fitness based movements.

Scoreboard Play Panel

Perfect for scoring team sports and matches with the easy glide tracks. This is a really useful panel for keeping scores for all types of games and sports.

5 a Day Fitness Play Panel

Features a back mounted rotating disc with 5 exercise instructions. Turn the wheel to reveal the next activity.

Climbing and Traverse Walls

Highly durable HDPE climbing and traverse walls available in a range of colours and designs. Climbing Walls are classed as high level items, whilst Traverse Walls are low level. Large hand and foot holds provide safe grip points.

Curved Extreme Climbing Wall

Thermoformed into a 'S' shape, the climbing panels can be supplied with or without posts.

Arrows Split-Traverse Wall

Rocky Split-Traverse Wall

Zig-Zag Split-Traverse Wall

Triple Split-Traverse Wall with Posts

Rock Face Split-Traverse Wall

Plain Split-Traverse Wall

Plain Traverse Wall

Solid design with no centre holes.

Plain Climbing Wall

1200 x 2400mm. Can be customised to any shape or size.

All Climbing and Traverse Walls are available in either straight or curved panels.

Accessories and Components

Accessories

We have a huge range of small and large playground accessories to upgrade and theme your products, structures and schemes. HDPE panels are easy to drill, allowing fixing points to be chosen on site for easy fitting.

Solar System Accessories

Transform play areas and equipment with these Solar System-themed accessories to create out of this world experiences.

Jungle Accessories

Enhance play areas and equipment with these jungle-themed accessories to create exciting and memorable play experiences.

Medieval Accessories

Medieval-themed accessories to take children back in time.

New

Pirate Accessories

Take existing timber trails, playhouses, boats and other structures and upgrade with these pirate-themed accessories.

New

Seaside Accessories

Ideal for sand and water, coastal, lake or any other play area where an aquatic theme is required.

New

Woodland Accessories

A broad range of woodland creatures and other accessories to bring a naturalistic look to existing or new structures.

Playground Components

Fahr has a growing range of playground components that you can use to develop your products. We only offer the best quality components to our customers and while you will find many similar looking on offer elsewhere, many of them do not match our durability.

Polycarbonate Domes

Shatterproof, polycarbonate domes come in clear, mirror or transparent colours. Available in 100mm, 300mm and 610mm diameters.

Multi-Play Curved Roof

Add some shelter to structures with style.

Multi-Play Plain Roof

Versatile roof unit that can be supplied in many colour combinations.

Fireman's Pole

Stainless steel pole with a fixing plate, available in a range of sizes.

Scramble Net

Available in a range of sizes to provide a fun, flexible entry point to structures.

Steering Wheel

Injection-moulded HDPE wheel to bolt or screw to structures.

Ship Wheel

HDPE wheel to screw or bolt to structures.

Equipment in Ground Bracket

For anchoring freestanding equipment. Bolt and screw fixings included.

Equipment Surface Bracket

For anchoring freestanding equipment. Bolt and screw fixings included.

Fahr Flower Security Caps

Injection-moulded HDPE caps with good UV stabilisation.

HDPE Rock Holds

The hard-wearing and durable HDPE rock holds are injection moulded with 2 fixing points.

100mm Dia Aluminium T-Slot Post with Cap

Eight T-Slots at 45° intervals. Works with Fahr T-Slot panel brackets. Available in standard or custom lengths.

60 x 60mm Aluminium T-Slot Post with Cap

Four T-Slots at 90° intervals. Work with Fahr T-Slot panel brackets. Available in standard or custom lengths.

100mm Dia Round Recycled Plastic Post

Maintenance free alternative to timber. Will not rot, crack or splinter. Available in standard or custom lengths.

100 x 100mm Square Recycled Plastic Post

Maintenance free alternative to timber. Will not rot, crack or splinter. Available in standard or custom lengths.

Multi-Play Spiral Tube Slide

Exciting spiral sliding experience, available as standard in 1.5m or 1.8m deck heights. Taller sizes are available on request.

Multi-Play Tube Slide

Enclosed large diameter tube slide, available as standard in 0.6m, 0.9m, 1.2m and 1.5m. Taller sizes available on request.

HDPE Moulded Platform Slide

Platform slide available in 0.6m, 0.9m, 1.2m and 1.5m heights and a range of colours.

Recycled HDPE Moulded Platform Slide

Platform slide made from 100% recycled polyethylene, available in 0.6m, 0.9m, 1.2m and 1.5m platform heights. A great option for a more sustainable play area.

HDPE Slide Entry Panel

Using an HDPE entry panel is the quickest and easiest way to fit a Fahr moulded slide to your structure.

Slide Attachment Panel

Transition panels to fix moulded slides to structures.

Slide Bracket Fixing Kit

Purpose-made bracket with fixings to make the installation of the Fahr moulded slides quick and easy.

Slide Ground Anchor Fixing Kit

Constructed from welded steel for anchoring moulded slides into the ground, complete with fasteners.

Furniture and Fencing

Furniture and Fencing

All outdoor furniture and fencing products are manufactured in the UK and feature either 100% recycled materials or materials that are fully recyclable. These products are low maintenance and will not rot, crack or fade.

Langford Bench

Free-standing design available in 1200mm or 1800mm sizes. Ground anchors available separately.

Equipment in Ground Bracket

For anchoring freestanding equipment. Bolt and screw fixings included.

Equipment Surface Bracket

For anchoring freestanding equipment. Bolt and screw fixings included.

Toadstool

Single seats in a wide range of colours.

Heavy Duty Waste Bin

Features a recycled top and cladding, a lockable top, a removable steel liner and galvanised steel frame.

Pencil Top Palisades

Bright, colourful HDPE fencing palisades, available in all standard sheet colours.

Round Top Palisades

Bright, colourful HDPE fencing palisades, available in all standard sheet colours.

Langford Backless Bench

Available in 1200mm and 1800mm sizes.

Animal End Bench

Animal end themed benches to delight the children in the playground. Available in 1200mm and 1800mm sizes.

Minibeast End Backless Bench

Features recycled plastic moulded bench frames with slip-resistant seat planks with a wood grain finish. Available in 1200mm and 1800mm sizes.

Animal End Backless Bench

Animal end themed benches to delight the children in the playground. Available in 1200mm or 1800mm sizes.

Wall Garden 3-Pot Planter

Three Pot Planter which features 3 individual plant pots mounted on the wall.

Picnic Tables

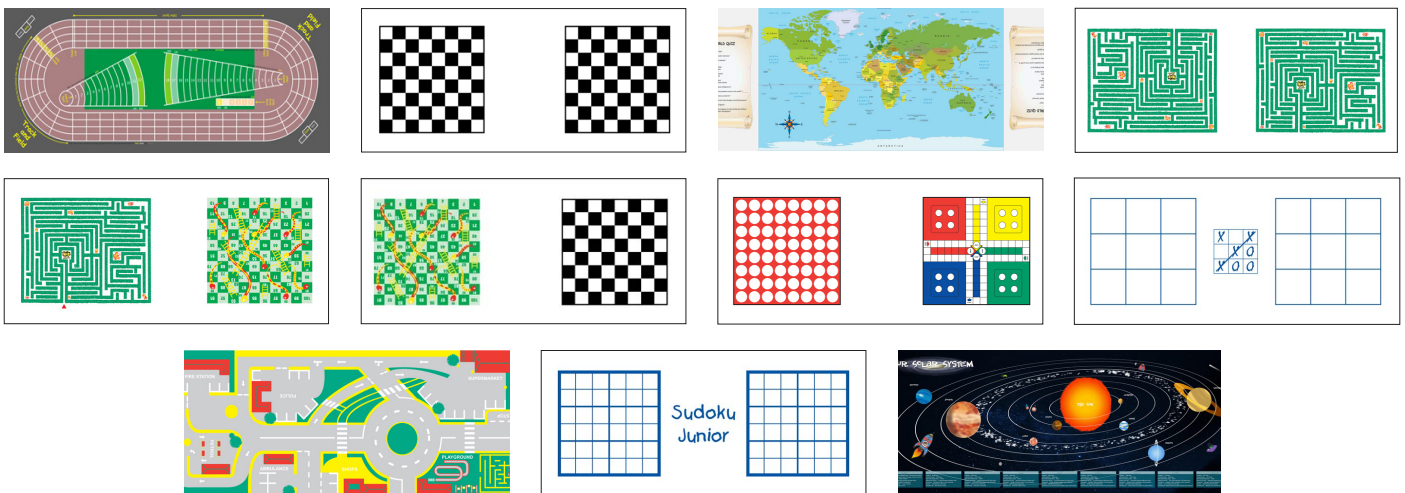

A place to rest, eat, drink, be sociable and to have some fun and play games. Our range of picnic tables come with the option to add a GameBoard Top Kit with a broad variety of activities.

GameBoard Table

The GameBoard 1500mm Picnic Table is manufactured using high quality, recycled plastic profiles, with black framework combined with contrasting cedar colour seat planks which are steel reinforced for extra durability.

GameBoard Top Kit

All GameBoard Top Kits are supplied with the corners and edging to attach to your picnic table. The game tops are laminated with a scratch-resistant top surface and game pieces are supplied for those games that require them. Please note: the standard top kit is suitable for most picnic table tops measuring 1500x600mm but the kits are NOT suitable for all picnic table types.

1500mm Recycled Plastic Picnic Table

Features steel reinforced seat planks, black recycled plastic frame work and contrasting cedar colour seat planks.

1800mm Recycled Plastic Picnic Table

Features steel reinforced seat planks, black recycled plastic frame work and contrasting cedar colour seat planks.

Building Block Picnic Table

Small size table and benches for young children with built in stud boards and supplied with blocks.

Stratford Picnic Table

Small size table and benches for young children. Broad range of colours available.

Materials

Our products are built to last. We utilise the most durable materials available in their construction.

HDPE

High Density Polyethylene available in a large range of colours. A recycled option is also available called XD-Eco.

Polydek-Eco

Environmentally friendly, highly slip-resistant surface and easy to clean. Excellent wear and chemical resistant properties, requires little or no maintenance.

Polycarbonate

Incredibly strong and impact-resistant and available in clear as well as a range of transparent colours.

Recycled Profiles

Extremely durable and long lasting, a fantastic alternative to timber which will not rot or splinter.

Musical Components

Anodised aluminium tube and flat chimes in a variety of sizes and colours produced to high tolerance to produce great sound quality.

Springs

Powder coated grey springs available as standard or in heavy duty options for heavier loads.

Moulded

Polyethylene moulded slides available in a range of colours including our grey recycled Eco-Slide option.

Aluminium

Aluminium extrusions provide a light weight and durable alternative to steel which will not rust and can be recycled.

Injection Mouldings

Precision security caps, counters, handles, brackets and holders. Moulded in durable nylon or polyethylene for a tough life in the playground.

Fixings

All fixings are either stainless steel or zinc plated depending on the application. Visible fixings utilise security torx or hex pin to prevent tampering.

Electronics

Commercial grade outdoor electronics, protected with a conformal coating to ensure years of reliability.

Steel Core Ropes

Steel core sheaved in soft touch braided nylon. Fixed with aluminium ferrules making them highly resistant to vandalism.

Recycled Materials

At Fahr we supply and utilise an extensive range of recycled materials, the demand for which continues to grow worldwide. We've now made it easier to identify these with our 'Eco' logo.

XD-Eco

The same highly durable, graffiti-resistant and rigorously-tested High Density Polyethylene (HDPE), but with **100%** recycled black core. Our HDPE is made from high grade waste PE chippings which saves countless tons of scrap material being sent to landfill. The material is virtually unbreakable to help it withstand tough conditions and is UV stable for use even in the sunniest of climates. Not only is XD-Eco made from recycled PE, but is also recyclable. Production waste, offcuts and old panels from play areas can be reused again and again.

100% recycled HDPE black panel with a 2mm soft touch, slip-resistant thermoplastic elastomer (TPE) top layer. Available in either smooth or button texture for excellent grip in wet conditions. Polydek-Eco can be used for platforms, walkways, ramps, steps, balance beams or anywhere where slip-resistant properties are required.

Polydek-Eco

Eco-Posts

100% recycled plastic posts made from high grade raw materials sourced from Western Europe. Our Eco-Posts offer a distinct advantage over traditional alternatives, including resistance to rotting, oxidising, cracking, splitting and splinters. By choosing recycled plastic, customers benefit from increased durability and reduced maintenance requirements. Eco-Posts provide customers with a convenient solution to complete projects with more environmentally-friendly materials.

Eco-Slide

100% recycled polyethylene rotor-moulded slides are available in a range of sizes. These slides are identical to our existing range but come in a contemporary shade of grey, so there are no design changes to consider other than colour, making it easy to switch to a more environmentally-friendly option.

Colours

Fahr Single Colour HDPE - (Size 1220 x 2440mm)

Fahr Two Colour HDPE - (Size 1220 x 2440mm)

Fahr White Core HDPE - (Size 1220 x 2440mm)

XD_{eco} HDPE - Recycled Black Core - (Size 1220 x 2440mm)

Fahr Natural Colour HDPE - (Size 1220 x 2440mm)

POLYDEK_{eco} - Recycled Panel with Rubber Top - (Size 1500 x 3000mm)

Fahr Transparent Polycarbonate - (Size 1220 x 2440mm)

Product Guarantees

We take pride in the longevity of our products as a long lifespan is the most sustainable option.

For consumable parts:

- Beaters
- Cables

For electronic failure caused by manufacturing defects in:

- Speakers
- Sound Chips
- Circuit Boards

For mechanical failure caused by faulty workmanship or material defects in:

- Moving Parts
- Standard and Heavy Duty Springs

For defects resulting from the manufacture of:

- High Density Polyethylene Sheets (HDPE)
- Structural Steel Components

Misuse, vandalism, fair wear and tear and neglect, including but not limited to a failure to follow any maintenance instructions and guides are not covered by these guarantees. Fahr Industries Ltd does not guarantee against HDPE failures caused by a customer's own submitted design or parts machined by the customer without Fahr Industries Ltd's prior authorisation.

Fahr Industries Ltd must receive the whole unit or the defective part/s at the customer's expense, along with proof of purchase, for inspection. Fahr Industries Ltd will not be liable for any costs incurred by the customer as a result of replacing the defective part/s, including removal and re-installation of the whole unit or the defective part/s. Furthermore, Fahr Industries Ltd will not be liable for any compensation claims while the unit is not functioning or present at the site. The guarantees do not entitle the customer to a complete new product due to a defective component.

The Company will repair or replace defective parts at its discretion on an ex-works basis.
